

reserves the right to further amend this exhibit list after the Court's ruling on summary judgment or based upon the extended discovery ordered by the Court in connection with Nielsen's cross-motion for sanctions.

Nielsen reserves the right to not use any of the exhibits listed herein at trial in the interest of time, necessity or other factors that may arise before or during trial. The order in which the exhibits are listed is not the order in which exhibits will be used at trial.

Many exhibits are included on Nielsen's amended exhibit list for potential impeachment or other limited purposes and, by providing its amended exhibit list, Nielsen does not admit that such exhibits are independently admissible as evidence or that they may be used for any other purpose. Nielsen further reserves the right to use additional exhibits for the purpose of impeachment, rebuttal, or any other purpose the law allows, and to use any exhibits identified on comScore's exhibit list.

Nielsen maintains all rights and protections as set forth in the Stipulated Protective Order entered by this Court (Dkt. No. 76) and does not waive confidentiality as to these exhibits.

By listing a particular version of a document, Nielsen in no way waives its right to refer to other versions of the same document at trial. For example, if a particular document was marked in multiple depositions, only one version has been listed in Nielsen's exhibit list and Nielsen intends to use this version with testimony from any deposition in which the document, however marked, was used. Additionally, where a page within a document has been listed or discussed in the deposition testimony, Nielsen intends to introduce the entire document and comScore's objections should be to the entire document, not only the portion cited.

Nielsen reserves the right to further amend, modify, or supplement this exhibit list with documents that are relevant to any issue later disclosed by the parties, including at trial, or based

upon subsequent events, including, without limitation, the Court's rulings on the parties' pending and contemplated motions, or as otherwise appropriate.

Nielsen's exhibit list is based on evidence that has been made available by comScore up to the date of this filing. To the extent comScore has withheld or otherwise failed to produce non-privileged, responsive documents, Nielsen reserves the right to amend, modify, or supplement this exhibit list with documents whose relevance to the matters in dispute becomes apparent from any such late-provided information.
